### **SPAWAR Systems Center San Diego Awards Contract**

SAN DIEGO — Science Applications International Corporation, San Diego, Calif., is being awarded a \$13,288,911 cost-plus-fixed-fee contract for broad spectrum analysis to support the following OPNAV assessment processes: OPNAV warfare and support analyses, N81 Assessment, and Investment Strategy Development. This contract will provide warfare and support analyses and assessment, modeling and simulation, management and documentation support. The contractor shall perform tasks assigned via technical direction letters issued by the Contracting Officer Representative. Tasks will often require coordination across all warfare areas N6/7, support areas N1, N4, N00T, OPNAV, Fleet, and Marine Corp Staff. This contract includes four one-year options, which, if exercised, would bring the cumulative value of this contract to \$76,291,782. Work will be performed in McLean, Va. (75%), Washington, D.C. (25%) and is expected to be completed by December 2005. If all options are exercised, work will continue through December 2009. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with four offers received via the Federal Business Opportunities web site. The Space and Naval Warfare Systems Command San Diego, Calif., is the contracting activity (N00039-04-C-2121).
